What is the Idea Sharing Site?

- A special (and secure) website designed to enable you to submit ideas for consideration within your organization across a variety of categories.
- It allows for voting on ideas so that we can discover which ideas are truly important.

How Do I Join?

You will receive an invite to the community with a link to the community – simply fill out all of the requested profile fields and you will be able to participate.

How Do I Share My Idea?

Click the “Submit New Idea” button. If a similar idea already exists, you can choose from existing ideas and your comment or vote to theirs. Otherwise, fill out all of the required idea fields and press submit.

How Do I Vote On an Idea?

Choose “I Agree” next to the ideas you like. It’s that simple!

How Do I Know You’ve Seen My Idea?

- Participating members from your organization will review ideas.
- If an idea has been selected to move forward in consideration, you will see the status move to “In Review”.
- If we are actively working on developing the idea, it will move to “In Progress”.
- Once the idea is implemented, the idea status will change to “Complete”.

A Little Advice: Idea Sharing Do’s and Do Not’s

**DO**

- Share good ideas you would like to see implemented within your organization.
- Share your support for ideas by voting the idea up or adding constructive comments.
- Visit when inspiration strikes and to learn about other ideas.
- Understand that we receive a lot of ideas.
- Use the site to share ideas.
- Get involved and invested in the badge gaming platform by contributing to the community in numerous ways.

**DON’T**

- Don’t share copyrighted or private ideas, whether they are your property or someone else’s.
- Don’t offer derogative commentary on others’ ideas. If you don’t like it, simply don’t vote for it.
- Don’t let the site become a site for support tickets.
- Don’t feel bad if your idea is not selected for implementation or isn’t done right away.
